Product Change Notification

May 26, 2020

PCN Number: 2020DDC01

Subject: DDC has a New Logo! The New Logo will be applied to DDC Product Labels/Markings

Change Type: Label/Marking change

Description of Change: As of the date of this notice, the new DDC logo or equivalent will be applied to DDC part labels/markings for all new products designed and launched after the date of this notification, and will be phased in over time to be applied to existing products.

Depending on the date code of the production lots shipped, you may receive the same parts with either the new logo or the former logo applied to the part label/markings. This label/markings update does not alter in any way the original form, fit, function, or reliability of the product. *Note:* DDC products may have a part label/markings with the new DDC logo printed as a complete graphic as shown in figure 1a, or as the slanted letters *DDC* for smaller products as shown in figure 1b, or with our former logo as displayed in figure 1c.

Figure 1a – New DDC Logo (complete graphic)

Figure 2b – New DDC Logo for Smaller Products (text only)

Figure 3c – Former DDC Logo (still active and valid)

Reason for Change: The DDC logo was redesigned and launched on July 26, 2019.

Impact on form, fit, function or reliability: The changes described in this PCN do not impact form, fit, function, or reliability of the product.

List of Affected Part Number(s) and Changed Part Identification: All DDC part numbers are affected by this PCN. *Note:* The illustration shown in Figure 2 is a generic example intended to show the information contained within the device part marking.

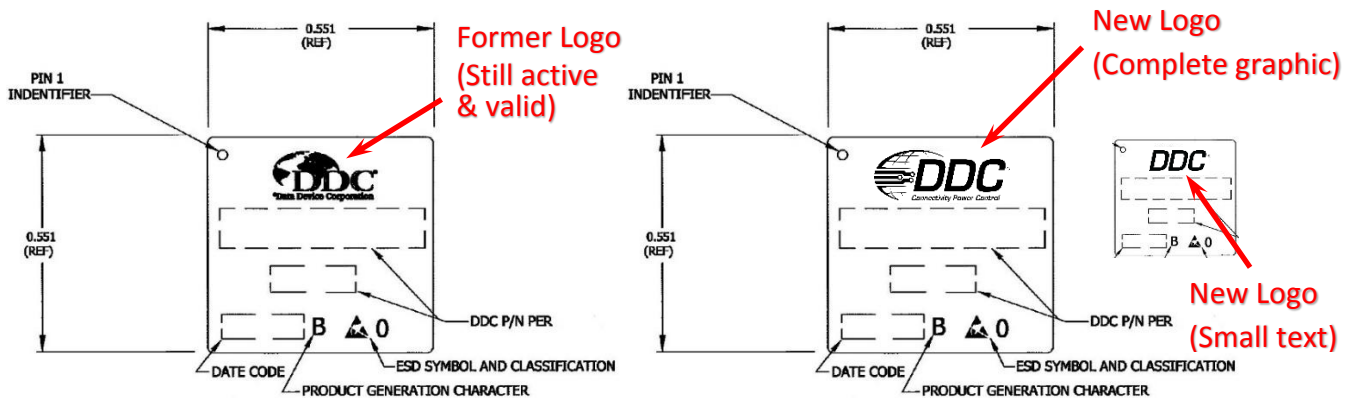

Figure 2 Generic Part Marking Drawing

Phase-in of New Logo: As of the date of this notice, DDC will ship products with either the former DDC logo or the new DDC logo, and begin transitioning all product labels/markings over time to the new logo.

Data Device Corporation is committed to providing excellence in customer service and support.
